## Celebrating 10 years in business

In 2024, we are celebrating 10 Years of Coastal Craft Beverages and being in business on Vancouver Island.

We are beyond grateful, and appreciate our customers, colleagues, suppliers, and families.

We are excited about what's ahead in 2024 and beyond. We have so much to share over the coming weeks and months with you.

We wouldn't be here unless you believed in us over the years, so thank you!

**We have donated \$500 to the Vancouver Island Sommelier Association Scholarship Fund to commemorate this milestone and say thank you for your support!**

Cheers to many more years of working together.

Sara, Cam and Russ

## Visit us online at [coastalcraft.ca](http://coastalcraft.ca)

In order to reduce our carbon footprint and focus on sustainable practices, (just like the folks we represent), we print a limited amount of this smaller price list for your reference.

We encourage you to learn more about the winemakers, distillers and cidermakers we represent here on Vancouver Island, the Gulf Islands and the Sunshine Coast. Visit our website and their websites to read the stories behind their products and to understand more about their practices, terroir, and history. Please ask us for technical sheets for staff education, and your own interest.

## Whisky, Gin, and Spirits from the Heart of Wine Country

Dubh Glas (dugh-luhs) in Gaelic means “from the dark water” and is reflective of the source water used in the making of our feature spirits. A well on the property is where we source our pure ‘dark’ water, which is fed by an underground aquifer. That source water from the ‘dark depths’ has been filtered through the Okanagan Valley, free of pollutants and surface contamination. It is also reflective of Grant Stevely, the artisan distiller, who has shared the name in his family for generations.

## What really matters?

### Stewardship

The Blue Grouse Estate Winery team's philosophy has evolved from the concept of stewardship, where our aim is to make everything we touch better than it was when we found it.

### People

We care deeply about family and friends, honesty, simplicity and living a long and healthy life. We believe all this together will make the Blue Grouse experience a lasting one.

### Place

The vineyard's terroir encompasses wind protection by evergreen trees, an all-southern exposure, and a combination of clay and gravelly soil, all nurtured by clean air and spring water. Thanks to this exceptional site, the vines require little fertilization and irrigation; just a drop of passion, a splash of dedication, and a pinch of obsession to make the difference!

## Sarah Bain, Winemaker

Sarah joined Fitz in 2016 from Quartz Reef: one of New Zealand's leading producers of traditional method sparkling.

## It's a little different at Fitz.

There are a few characteristics that set this special place by Okanagan Lake apart from all the others. The first is that they are physically and literally set apart. South of Peachland, north of Summerland, and if you look in those directions from the winery, you won't see other vineyards. Across the lake is Parkland and Ogpogo's house (seriously). They are sitting in their own nanoclimate in a valley of microclimates. There is no other winery in the Okanagan growing in their specific set of conditions. In wine, we call that terroir, and theirs is distinctly Fitz.

Stag's Hollow Winery was established in 1995 on the property which now grows Merlot, Pinot Noir, Cabernet Franc, Cabernet Sauvignon, Sauvignon Blanc, Tempranillo, Muscat Ottonel and Vidal. These vines are now over 30 years old. In 2011, they purchased an 18-acre hayfield, now called the Shuttleworth Creek Vineyard, and planted Tempranillo and Albariño from Spain, Dolcetto and Teroldego from Italy and more Pinot Noir and Syrah.

Environmentally conscious - using geothermal heating and cooling in the cellar, commercial building and residence in 1995, and then again in a new Winery facility built in 2006. Stag's Hollow Winery and Vineyard practices are sustainable and incorporate organic practices. Stag's Hollow Winery and their two vineyards were certified sustainable through Sustainable Winegrowing BC in early 2022.

### Keira LeFranc, Winemaker

Keira's winemaking style strives to showcase the terroir and natural attributes of the varietal, and careful attention to vinification, most wines are made with minimal intervention, without fining, and are vegan friendly.

Nestled on Saturna in the Southern Gulf Islands, Sage Hayward Vineyards, spans seventy-six acres across the island’s south flank, surrounded by the breathtaking expanse of ridges and cliffs descending from Mt. Warburton Pike. Established in 1995, it stands among the region’s oldest vineyards. Committed to organic farming practices, we aim to harmonize with the flourishing flora and fauna, letting our unique terroir shine in wines like Pinot Noir, Pinot Gris, Rosé and an aromatic white blend. Acquiring the property with vines left untended for a decade, our family, driven by passion and excellence, revitalized the fallow land, creating a haven of memories for us, the Saturna community, and guests. Our partnership, comprising two brothers and their wives, blends four unique perspectives with a deep sense of loyalty, backed by the invaluable support of our wider family and community. We are working to build a core portfolio of wines that will showcase our unique cool climate coastal terroir and maritime influenced soils including traditional method sparkling wines, single vineyard Pinot noirs and Chardonnays.

### Max Legris, Winemaker

With hands-on experience in Niagara, the Okanagan valley and New Zealand, Max is an accredited Sommelier and holds a B. Sc in Oenology and Viticulture. He held the role of Assistant Winemaker at Cedar Creek Estate Winery and Winemaker/Viticulturist at Lunessence Winery. Max assumed the role of Viticulturist and Winemaker at Sage Hayward Vineyards in 2022. Organic farming practices are at the heart of our efforts to restore vineyard health in order to craft wines that respect and reflect our unique coastal terroir.

# WINEMAKER'S CUT

Like a director's cut, an edited version of a film that represents the director's unique point of view, Winemaker's CUT is influenced by the winemaker and his unique styling/blending of an Okanagan wine.

The grapes that shape CUT wines are hand-harvested at Deadman Lake Vineyard just south of Oliver, BC. With utmost respect to nature, while honoring traditional winemaking methods, sustainable farming, and a zero pesticides policy with low sulphur use, CUT wines develop naturally and express characteristics indicative of this unique Okanagan vineyard.

It is in appreciation of art and harmony that classical music echoes in the vineyard and cellar where the winemaker captures an accumulation of moments and composes quality wines.

Michal Mosny, Winemaker

*"let the wine do the talking, naturally"*

Based in Oliver, B.C. Q&A is a premium wine project created by Hollywood actor and director Jason Priestly, Winemaker's Cut proprietor Michal Mosny, and media personality and broadcaster Terry David Mulligan. With over 50 years of combined industry experience, they started Q&A by questioning everything they know about wine, winemaking, and viticulture.

There is an intriguing back story that ties these three individuals together. In 2012 Michal and his wife Matina, both winemakers, decided to move from Slovakia to Canada after watching Jason and Terry highlight the Okanagan Wine Region, in their series 'Hollywood and Vines'. This series inspired them to work and live in the Okanagan Valley and eventually open Winemaker's Cut in Oliver. In 2020 Michal approached Terry and Jason, and they decided to put this beautiful story in a bottle.

*"We started by questioning everything – the smallest decision, the most trivial detail – to try to create a wine that has every answer. Now you can hear what it has to say. We hope you are as excited as we are about our inaugural vintage. It's a wine that has a lot to say. But it does so elegantly, almost quietly. It doesn't demand your attention. It earns it. Now, we can't wait to share it with you."*

# LIGHTNING ROCK

Stewards of three unique Pinot Noir producing vineyards in Summerland, each of them expressing very distinct terroir through the wines, despite being located mere kilometres apart. Lightning Rock offers an exploration of Summerland through wine.

## Elysia Vineyard

Home to the winery, this vineyard was planted in 2006 with Pinot Noir, Viognier and Syrah. It overlooks Okanagan Lake to the east and enjoys the early and midday sun.

## Canyonview Vineyard

Planted in 2003 on the precipice of the Trout Creek Canyon, this south-facing vineyard has sandy soil that is dotted with river stones, producing spectacular Pinot Noir and Chardonnay from two large terraces.

## Trestle Beach Vineyard

Affectionately referred to as the "baby plot" this vineyard was planted with Gamay Noir in 2020. It rests on a steep slope adjacent to Canyonview Vineyard in glacial deposits and calcareous-dense soils.

## Sébastien Hotte

Sébastien Hotte, or Seb for short is a Washington State University graduate, and certified sommelier from the École Hôtelière des Laurentides who believes in low-intervention and terroir-driven winemaking. He has worked in the wine industry for several benchmark wineries, is an acting consultant.

# NORTH PT BREWING CO.

Good beer, cabin feels, fun times.

Three North Shore Locals (Liam, Matt and Sean,) had a dream of marrying their passion for good beer, good friends, and west coast cabin adventures. In 2019, their dreams took flight when they found a home for North Point Brewing in the Lower Lonsdale's Shipyards District. This is the home of their brewery, and tasting room with that cozy and rustic, cabin vibe, that also reflects nature and their west coast lifestyle.

Paul Kovamees,  
Head Brewer

As a key member of our team, Paul's dedication and expertise have played a pivotal role in shaping the success and reputation of North Point Brewery. Paul serves as the Director of Brewery Recipe development, and he has built a solid production team, who ensure that the core North Point Brand staples, and limited run seasonals are always available and consistently delicious.

# NOMAD

HANDCRAFTED CIDER

Mike Petkau & Brad Klammer,  
Founders and Cider Makers.

A team that loves to explore. *'We are Nomads, endlessly exploring food, drink, and culture. Our thirst for knowledge and new experiences continually inspire us to create great tasting regional centric ciders.'*

Nomad Cider is a farm-to-glass craft cidery located in Summerland, BC. Nomad's proprietors are passionate about making cider the way it was traditionally crafted, by hand. Devoted to producing exceptional cider made only from local apples and pears grown in their orchard, and dedicated farming partners in the Okanagan-Similkameen region of BC. Their focus is to be nomadic in global cider culture by stylistically representing cider regions from around the world.

## What We Do

### **Partner with Beverage Producers**

We represent select Wineries, Distilleries, Cideries and Breweries that are independent, family owned, and focused on sustainable business practices.

### **Share the Love**

We enthusiastically promote the brands we work with through a coordinated sales & marketing plan, and relationship building.

### **Support Retailers and Restaurants**

We provide an unprecedented level of support and personal service to our colleagues and friends on the front line.

### **Coordinate Sales**

We are the sales team on the ground on Vancouver Island and the Gulf Islands for our family of producers – we place orders, build and implement sales plans, and liaise with distribution centres to coordinate logistics and ensure timely delivery.

### **Consulting**

We consult on, and build beverage programs and wine lists. Provide staff training on wine and service. And work with producers who need professional advice and support on sales programs.

Representing Craft Beverage Producers on Vancouver Island, the Gulf Islands, and the Sunshine Coast.

In partnership with these producers, we'll provide you with direct access to premium quality products for your restaurant, bar, and private retail store.

We work exclusively with producers that are independent, family owned, focused on sustainable business practices. Each producer has a unique history behind the beverages they carefully craft, and we'd love to share their story with you.
